b. Recruitment of Board Members

Have had several resignations, need to recruit four new board members. Chair Bailey encouraged CEOs to look for persons to nominate. Need to meet political balance requirements: one independent, two democrats, and one republican. Also need two from business groups and two from labor groups. Also need an apprentice representative. Can look at Chambers, local economic development groups, and other business groups. Faith offered to send email out Employers Council of Iowa (ECI) members to try to get interested persons.

c. RFPs for One Stop Operator and Service Provider

Have not received either yet. Hope to receive them by September 1.

d. CFI and Fiscal Agent Transitions

Fiscal Agent will have limited transactions until the 1st of the year. Until then, CFI will continue to handle.

CFI is working with participants to assist for next semester, waiting on funding to know what can be done. CFI has not received any contracts yet and has not had any contact from Michelle in Des Moines. They expect to be able to bill for expenses back to July 1.
