SECTION 1- Introduction and Background

Introduction

Northwest Iowa Workforce Development Board is one of nine Workforce Development Boards in Iowa designated by the Governor under the Workforce Innovation and Opportunity Act. For the purposes of this Request for Proposal (RFP), Northwest Iowa Workforce Development Board will be referred to as NWIWDB. The Northwest Iowa Workforce Development Area oversees the workforce services in the counties of Buena Vista, Clay, Dickinson, Emmet, Kossuth, Lyon, Obrien, Osceola, Palo Alto and Sioux.

The Local Area American Job Centers (also referred to as One-Stop Centers/Iowa**WORKS**) are designed to provide a full range of services and assistance opportunities to job seekers and employers under one roof. Established under the Workforce Innovation and Opportunity Act the American Job Centers offer referrals to employment, work-based learning opportunities, career counseling, job listings, recruitment and incentive services to employers, access to training programs and similar employment-related services. The American Job Center in the Northwest Iowa Workforce Development Area is located in Spencer.

In addition, American Job Centers have business service staff comprised of professionals who work directly with employers to meet their specific staff needs at no cost to the employer. Services available to employers include online posting of job vacancies, screening of applicants, job seeker resume searches, applicant referrals, individual hiring events and job fairs, and Rapid Response assistance to employers dealing with layoffs or company closure.

The NWIWDB's vision is all residents of the ten counties in the Northwest Iowa Workforce Development Area particularly those with barriers to employment, will have access to innovative workforce services, integrated training and education programs, and direct support services. This collaboration between Core Partners will provide the required knowledge, skills, and credentials necessary for securing sustainable employment that strengthens the local economy and meets the needs of our local business community.

The NWIWDB aims to foster a dynamic, integrated, and ever-improving workforce development system in which employers and individuals have ready access to a network of information and services responsive to their unique employment needs in order to provide local area residents with access to the literacy, education, vocational rehabilitation programs, and workplace skills necessary for self-sufficient employment and advancement. Further, NWIWDB aims to empower Northwest Iowa Workforce Development Area youth with the knowledge, skills, and behaviors necessary for employment and economic independence in high-skilled, high-wage careers, and lifelong learning.

The three hallmarks of WIOA include:

1. The needs of businesses and workers drive workforce solutions, and local boards are accountable for this within the communities they serve.
2. One-Stop Centers provide excellent customer–centric services and focus on continuous improvement; and,
3. The workforce system supports strong local economies and plays an active role in community and workforce development.

The NWIWDB is seeking proposals for a public, private, non-profit entity or consortium of entities to serve as one-stop operator (the subrecipient) for the comprehensive, affiliate, and satellite One-Stop Centers in the Northwest Iowa Workforce Development Area. This Request for Proposal was prepared based upon the Workforce Innovation and Opportunity Act of 2014 (WIOA) and associated U.S. Department of Labor Regulations and guidance. This federal law was implemented to consolidate, coordinate, and improve employment, training, literacy and vocational rehabilitation programs in the United States. WIOA provides the framework for a national workforce preparation system that is flexible, responsive, customer- focused, and locally managed. Mandatory core program partners include: Adult/ Dislocated Worker/Youth, Wagner-Peyser, Adult Education and Literacy, and Vocational Rehabilitation, along with required partners specified in the Act.

Required Program Partners must participate in the Memorandum of Understanding (MOU) process and provide coordinated services with the comprehensive One-Stop Centers. Required Program Partners include the four Core Program Partners as well as Career and Technical Education, Title V Older Americans, Job Corps, Native American Programs, Migrant Seasonal Farmworkers, Veterans, YouthBuild, Trade Act, Community Services Block Grant, HUD, Unemployment Compensation, Second Chance, and TANF. In the event any of the required partners do not have funding in the Northwest Iowa Workforce Development Area, their participation is waived.

Offerors are strongly encouraged to read Training and Employment Guidance Letter 04-15 issued by the U.S. Department of Labor that outlines the vision for the One-Stop system under WIOA.

Background

On July 22, 2014, President Barack Obama signed into law the Workforce Innovation and Opportunity Act (WIOA). WIOA is designed to improve and streamline access to federally funded employment, education, training, and support services. Congress passed the WIOA by a wide bipartisan majority and it is the first legislative reform in 15 years of the public workforce system.

Every year, the key programs forming the pillars of WIOA help tens of millions of jobseekers and workers to connect to good jobs and acquire the skills and credentials needed to obtain them; and it connects employers with skilled workers needed for global economic competition. The enactment of WIOA provides an opportunity for reforms to ensure the One-Stop Delivery System (also known as the American Job Center System) is job-driven, responding to the needs of employers, and preparing workers for jobs that are available now and in the future. The terms and conditions of this RFP may change based on WIOA legislation. The successful respondent to this RFP will be expected to remain informed on WIOA regulations and requirements. For more information on WIOA please visit <http://www.doleta.gov/wioa>.

WIOA is built around the following key principles:

- Increase access and opportunity, particularly for those individuals with barriers to employment, to ensure success in the labor market.
- Support the alignment of workforce investment, education, and economic development systems in support of a comprehensive, accessible, and high-quality workforce development system.
- Improve the quality and labor market relevance of workforce investment, education, and economic development efforts to provide workers with the skills and credentials necessary to secure and advance in employment with family-sustaining wages, and to provide employers with the skilled workers they need to succeed in a global economy.
- Promote improvement in the structure and delivery of services to better address the employment and skill needs of workers, jobseekers, and employers.
- Increase the prosperity of workers and employers and the economic growth of communities, local areas, and states, and the global competitiveness of the United States.
- Provide workforce investment activities, through statewide and local workforce development systems, that increase the employment, retention and earnings of participants, and increase attainment of recognized postsecondary credentials by participants.

The NWIWDB provides policies, guidance, and oversight for the WIOA programs in the Northwest Iowa Workforce Development Area. The purpose of the NWIWDB is to facilitate, plan, and coordinate workforce development resources to maximize the efforts of government, business, and education.

Through collaborative partnerships, the NWIWDB is the local policy organization responsible for the planning, oversight, and coordination of workforce development initiatives that help support economic development in the Northwest Iowa Workforce Development Area. NWIWDB provides leadership to the local workforce system by promoting the delivery of comprehensive employment and training services, providing guidance, and exercising independent oversight regarding activities under WIOA and other programs within the Iowa **WORKS** offices.

In the event a proposal is submitted on behalf of/by a consortium, the budget must clearly show how any proposed shared costs of the one-stop operator will be funded. Staffing costs should consider the percentage of time an individual will spend on one-stop operator responsibilities.

Funds Available

Funding for each program year is determined by the US Department of Labor based on an established formula for WIOA State Formula Funds awarded to states by no later than June of each year. The contract agreement shall be modified to increase or decrease funding as needed to reflect actual federal funds received during the contract period. The successful subrecipient will be awarded a cost-reimbursement contract. The Board may expand the scope of the contract to include other workforce programs, funding or requirements that the Board deems necessary and appropriate. All agreements are subject to the availability of funds to the Northwest Iowa Workforce Development Area.

A cost price analysis will be conducted on the proposed costs during the proposal review process. Agencies are encouraged to submit their best offer for providing the services solicited and to thoroughly describe and justify the costs. The cost and price analysis shall be conducted to ensure that the proposed costs are necessary, fair, and reasonable; to determine if the proposed costs are allowable and allocable; to determine if there is a duplication of costs with other programs; to ensure that the costs are directly associated with carrying out only the proposed services; and to ensure that the proposed costs will benefit the program.

If applicable, also attach a letter of support from any organization providing leveraged resources in support of your proposal.

6. A project management schedule showing when various activities including performance will occur.
7. Resume or job description of the one-stop operator.
8. If proposer is not a single consultant or there is more than one employee in proposer's organization proposer must include an organizational chart showing the chain of command for the individual who will serve as the one-stop operator.
9. Incorporation/Certification of Existence
10. Signed Conflict of Interest Statement (Attachment F)

Selection Process

All proposals received by the submission deadline will be initially reviewed for responsiveness and compliance with the specifications and requirements contained in this RFP. Proposals passing the initial review will be scored by internal and external evaluators, with attention to clarity, completeness and quality. High scoring proposals will clearly demonstrate an ability and likelihood to effectively perform the responsibilities and meet the key performance indicators and intended outcomes of this RFP.

All proposals submitted will be evaluated against all other proposals using the rating criteria, which is a part of this RFP package. Proposals will be rated and then ranked by an RFP Review Committee appointed by the NWIWDB Board Chair.

Select bidders may be requested to participate in presentations or discussions with proposal evaluators, the Northwest Iowa Chief Elected Officials, the NWIWDB, and/ or representatives of the NWIWDB. Award recommendations of the evaluators will be presented to the Board for final decision. Selection of a proposal for contract award will be subject to successful contract negotiations. The NWIWDB will vote on the final selection with the Chief Elected Officials approving the selection.

Additional selection terms:

- Proposals may not be funded at the funding levels requested.
- The highest-ranking numerical score does not assure a funding recommendation. Other factors which may be considered include, but are not limited to: a risk assessment, cost, the likelihood of the proposed services resulting in successful outcomes of proposal deliverables, relevant experience and qualifications, financial viability and stability of the agency.
- Proposer(s) are advised not to contact NWIWDB employees, board members or elected officials charged with oversight of these programs during the review process to avoid conflicts, the appearance of conflicts, or undue influence over the process. This could result in the disqualification of the proposal response submitted.
