

Northwest Iowa WDB One-Stop Operator RFP Questions and Answers

Question: I'm requesting confirmation based on the responsibilities identified on page 9 of the RFP and the activities to be completed must not exceed \$5,000 for the initial 6 month period, \$10,000 annually. Is this correct? Or is (up to) \$5,000 the administrative cost allowance and the applicant should identify services and costs to provide those services as outlined in the RFP?

Answer: Up to \$5,000 is available to fund this initiative depending upon the entity's time, experience and capability for the time period of January 1, 2021 – June 30th, 2021.

Program Year amounts are subject to change, it is understood that funds will fluctuate from year-to-year. It is reasonable to assume the board will attempt to provide a proportional funding level for a 12-month contract.
