
MEMORANDUM OF UNDERSTANDING

IowaWORKS System Operations

This Memorandum of Understanding (MOU) is executed between the Central Iowa Local Workforce Development Board (Local WDB), the IowaWORKS system partners (Partners), and the Chief Lead Elected Official (CLEO). They are collectively referred to as the “Parties” to this MOU.

This MOU confirms the understanding of the Parties regarding the operation and management of the Iowa**WORKS** centers in the Local Workforce Development Area. The Central Iowa Local WDB, along with the CLEO, provides oversight of workforce services in the Local Workforce Development Area.

The Local Workforce Development Area (LWDA) includes the following counties: Boone, Dallas, Jasper, Madison, Marion, Polk, Story and Warren.

The CLEO for the LWDA is Steve Van Oort who is a member of the Polk County Board of Supervisors.

The Local WDB selected the One-stop Operator, Children and Families of Iowa (CFI), through a competitive procurement in accordance with the Uniform Guidance, WIOA and its implementing regulations, local procurement standards and rules, and IWD Policy # 1.4.7.3. All documentation for the competitive One-stop Operator procurement and selection process is published and may be viewed at <https://www.iowawdb.gov/central-iowa/home> .

Introduction

Congress enacted The Workforce Innovation and Opportunity Act (WIOA) to strengthen our country's workforce development system by aligning its employment, training, and education programs. This alignment of program services will combine with a metrics-based assessment of performance to improve our workforce development system. WIOA prioritizes a forward-looking one-stop system that provides integrated employment, training, and education programs responsive to the employment needs of the system's customers: job seekers, employees, and businesses. This focus will result in a one-stop system that will lead to economic growth for the individual, State, and nation.

Iowa has previously taken steps to integrate and streamline its workforce services, but WIOA requires further integration between agencies and programs. The Parties to this memorandum of understanding (MOU) will come together to develop a partnership for workforce services delivery that fosters cooperation, collaboration, communication, and accessibility. This MOU sets forth the framework for local-level collaboration in pursuit of attaining the goals and meeting the requirements set forth by WIOA.

Iowa's one-stop delivery system is a locally driven system that provides the programs and services to achieve the goals set forth in the Iowa Unified State Plan:

- Goal I – Iowa's employers will have access to skilled, diverse, and Future Ready workers.
- Goal II – All Iowans will be provided access to a continuum of high-quality education, training, and career opportunities.
- Goal III – Iowa's workforce delivery system will align all programs and services in an accessible, seamless, and integrated manner.

These goals will be accomplished by providing all customers in each local area across the state access to a high-quality one-stop system with the full range of services available in their communities.

Purpose

The purposes of this MOU are to:

- Establish a cooperative working relationship among partners.
- Define respective Party roles and responsibilities.
- Coordinate resources to prevent duplication.
- Develop a one-stop system that creates a seamless customer experience.
- Ensure the effective and efficient delivery of workforce services.
- Establish joint processes and procedures that will enable partners to align and integrate programs and activities across the local area one-stop system.
- Increase and maximize access to workforce services for individuals with barriers to employment.
- Coordinate to implement state workforce development initiatives.
- Ensure an accessible workforce system for all.

Vision Statement

To drive collaborative partnerships with businesses, job seekers, and providers to create a robust region in which:

- Every worker achieves a livable wage and sustainable career.
- Work talent is connected to employer needs.
- Impactful policy changes are made.

IowaWORKS System Structure

One-stop centers (Iowa**WORKS** centers) provide services to individual customers based on individual needs, including the seamless delivery of multiple services to individual customers. There is no required sequence of service.

Attachment D: Referral Process

LWDA:

**IowaWORKS System Partners'
Referral Process**

Step I:

A referral will be made once a customer has expressed desire and agrees to work with a Core or Required partner agency.

When a referral needs to be made to a Core or Required Partner program, the referring agency staff will complete a referral using a shared web-based form.

Staff will determine referred Partner point of contact (the form contains a reference list to help guide staff in determining to whom the referral should be sent).

Step II:

Staff will include the following required information on the referral form:

1. Last name
2. First name
3. Last 4 of SSN
4. Customer Phone Number
5. Custom email address (if they have one)
6. Reason for Referral
7. Referring Staff Member Name
8. There is also a required question for notes/additional questions - specific information will be listed here regarding the referral - i.e. type of accommodation needed, industry field the customer is interested in, type of employment service needed, etc.

Once the form is completed and submitted, an email will be sent to the partner agency staff's email that was entered in the first box of the Referral form.

Step III:

Once a proper referral has been completed the referred agency contact will reach out to the job seeker for additional assistance. The referring agency will reach out to the customer within 72 business hours.

All partners will receive regular updates on referral status and progress.

Method for Documenting Referrals:

Agency staff include a case note describing the referral and to whom the referral was directed. This information is tracked in the agencies' respective case management systems. Wagner Peyser staff

ensure a Wagner Peyser application has been completed and that a referral service has been requested.

Method for Tracking Status of Referrals:

Each Agency is responsible for tracking the outcomes of the referral in their respective case management systems.

Database(s) utilized for Documenting and Tracking Referrals:

Digital documentation of each referral is maintained by the One-Stop Operator. Each Agency is responsible for tracking the outcomes of the referral in their respective case management systems.

If a Referral Form will be used, how will you ensure the form is accessible?

All Core and Required partner staff have access to make referrals. The staff making the referral will utilize the [web form linked here](#).

Other information necessary regarding referrals:

Check here if a Referral Form is attached.

Attachment E: Accessibility Plan

LWDA:

IowaWORKS System Partners' Accessibility Plan

How will partners ensure physical accessibility of the system?

Both internally and externally, the Center meets the latest standards of physical accessible design. The parking lot includes wheelchair van accessible parking, as well as curb ramps and exterior entrance ramps. All public entrances to the Center are wheelchair accessible and have automatic doors. Where there is not an accessible doorway, signs label where one can be found.

Internally, all Center routes are wheelchair accessible. Access to all computers, printed information and physical Center resources can be reached and accessed by wheelchair users, and additional staff assistance is available upon request for those individuals with additional mobility challenges.

To accommodate for barriers related to transportation, the Center is located on a Des Moines Area Regional Transit Authority (DART) route. With a stop located directly next to the Center, job seekers are able to easily access workshops and services via public transportation.

How will partners ensure virtual accessibility of the system?

Job seekers and businesses have access to the same information online as they do in the Center or at Partner agencies. All virtual materials (websites, surveys, flyers, etc.) are compliant with Section 508 of the U.S. Department of Health and Human Services code and are frequently updated to ensure information accessed online is accurate. Virtual workshops, trainings, and other services conducted via video conferencing technology (Zoom, MS Teams, Google Meets, etc.) include Closed Captioning services for job seekers that are Deaf or hearing impaired.

How will partners ensure communications accessibility?

Staff fluent in American Sign Language (ASL) are on-site at the IowaWORKS center and can assist with walk-in needs. Staff can also request an interpreter for classes, workshops, trainings, and scheduled appointments as necessary. All accommodations requests can be made through any Center staff. The Central Iowa Disability Access Committee is in the process of creating a list of accommodations available for use. Center employees will be given access to this list.

Private or semi-private spaces for individuals experiencing anxiety have been identified for use. Note pads are placed throughout the center for individuals that benefit from notetaking or have difficulty communicating through speech.

How will partners ensure programmatic accessibility?

Vocational Rehabilitation and Iowa Department for the Blind are available for consultation if accommodation questions arise. They are also available to provide training and refer to specific resources, such as the Job Accommodation Network (JAN). If a job seeker has a need for a reasonable accommodation they are able to make the request to staff. Staff provides the accommodation if easily available and/or discuss with management if further assistance is needed.

All job seekers are able to participate both physically and virtually in workshops and services offered through the Center and Partner agencies. All Partners agree that they will not discriminate in their employment practices or services on the basis of gender, gender identity and/or expression, age, race, religion, national origin, disability, veteran's status, or on the basis of any other classification protected under state or Federal law.

An Accessibility Assessment of the Center was conducted by the State Workforce Development Board Disability Access Committee in March, 2018. Areas that were found to be out of compliance with the 2010 ADA Checklist for Existing Facilities were addressed and improvements have been completed.

Attachment F: Outreach Plan

LWDA:

IowaWORKS System Partners' Outreach Plan

Center and Partner agency staff are active on many boards in the community and work with community partners on a regular basis in order to assist in reaching out to those individuals with barriers to employment. Community partners include, but are not limited to United Way of Central Iowa, Evelyn K Davis Center, St. Vincent DePaul, Goodwill, Chambers of Commerce, Economic Development, many school districts in the area, EMBARC, as well as all correctional and transition facilities within the local area.

Career Planners are housed in the Women's Correctional Facility in Mitchellville as well as the men's facility in Newton to assist in training and reentry programs prior to their release. Services, workshops, information sessions, and more are marketed via the IowaWORKS Facebook and Twitter pages. Additionally, the Center has an extensive partner email distribution list that is utilized monthly (at minimum) to advertise programming available in the Center.

In the last two years a satellite office in Ames has opened, as well as an affiliate office on the north side of Des Moines in order to be more accessible. Individuals who file for unemployment are required to be registered in the IowaWORKS system - by doing so they create an account in which the Center uses to as a method of outreach through email.

The One-Stop Operator is working with partners to implement an integrated customer satisfaction survey. In addition to collecting customer feedback on the quality of services and service delivery, it will also collect valuable information that aid in developing a strategic outreach plan, including how customers are hearing about IowaWORKS, which agencies and locations they are contacting, and their county of residence. This information will help inform the methods and strategies for outreach to potential job candidates.

The Core Partners and One-Stop Operator are working to re-engage the Business Services Committee post COVID-19. The Business Services Committee includes representation from partner agencies and meet monthly to develop and implement a strategic business engagement plan. Additionally, the Core Partners are engaging with the Brazen platform in order to coordinate virtual job fairs beginning this summer.

Attachment G: Data Sharing Training Plan

LWDA:

IowaWORKS System Partners' Data Sharing Training Plan

All staff will be trained in the protection, use, and disclosure requirements governing Personal Identifying Information (PII) and any other confidential data for all applicable programs, including FERPA- protected education records, confidential information in UI records, and personal information in VR records.

Title I, III, and IV staff are required to complete data security training annually through the State of Iowa to ensure data security. Additionally, FERPA training is also required for Title II.

Minimal information is utilized in the referral process to ensure the receiving entity has enough to reach out to the customer without breaching data security guidelines.

State agencies, including the Iowa Department of Education, Iowa Vocational Rehabilitation Services, and Iowa Workforce Development have data sharing agreements.

Attachment H: Dispute Resolution Process

LWDA:

IowaWORKS System Partners’ Dispute Resolution Process

Step I:
If a dispute arises involving the interpretation, implementation or enforcement of these policies, a complaint may be submitted in writing to the executive director to the board within 30 calendar days of the date of the event or condition that is alleged to be in violation of WIOA.

The parties shall meet, in person and in good faith, to make every reasonable attempt to resolve the problem within thirty (30) days of discovering a material dispute. The parties agree that informal dispute resolution, including mediation, should an in-person meeting prove unsuccessful, shall be attempted prior to seeking formal recourse.

Step II:
If local attempts to resolve the dispute have been unsuccessful, the agency with the dispute shall notify Iowa Workforce Development (IWD). In this manner, IWD serves as a gatekeeper and convener of the Core Partner Team who will seek resolution to the dispute. The agency with the dispute must send an email to WIOAgovernance@iwd.iowa.gov and follow these steps:

- Subject line of email: MOU Dispute Resolution: insert name of LWDA.
- In the body of the email or in a clearly identifiable attachment, clearly state the issue in dispute. Provide as much detail as possible.
- Attach to the email, the local Dispute Resolution Process as well as documentation that the local Dispute Resolution Process has been followed.

Step III:
Upon receipt of the Dispute Resolution email, IWD will

- Acknowledge the receipt of the email.
- Provide all documentation to the WIOA Core Partner Working Group.

Step IV:
Core Partner Team will review the dispute and notify the appropriate Parties of its decision within 14 days of receipt of the dispute.

Step V:
If the Core Partner Team decision is not satisfactory to the agency with the dispute, the agency may appeal to the State Workforce Development Board. No local dispute may go directly to the SWDB without first being addressed by the Core Partner Team.

Attachment I: Amendment/ Modification Process

LWDA:

IowaWORKS System Partners' Amendment Process

Parties to the MOU may submit an amendment in writing to the local board executive director/staff via the contact information provided on the local board's website, <https://www.iowawdb.gov/central-iowa/home>. Board staff will present the amendment to the local board for consideration. The MOU partner may ask to or be invited to present the amendment at a board meeting. The local board will vote to accept or deny the amendment.

Attachment J: Termination Process

LWDA:

IowaWORKS System Partners' Termination Process

If an MOU partner wishes to terminate the MOU agreement, the partner will submit in writing a request to the executive director/staff of the local board to terminate the agreement. The request will be presented to the local board for review. If no solution between the local board and MOU Partner can be reached to prevent termination of the agreement, the board will officially dissolve the agreement with the requesting MOU partner.
