All WIOA funded services, as well as those provided with other funding sources as applicable, must be delivered in accordance with the rules and regulations set forth by the funder, guidance from US Department of Labor, the State of Iowa and policies set forth by the Central Iowa Workforce development Board.

The successful bidder will be selected based on demonstrated abilities, past performance, a sound proposal, collaboration and partnerships, and cost-effective service delivery. The LWDB expects bidders to propose to provide services in the Adult and Dislocated Worker Services classification.

Funds awarded must be utilized to service WIOA eligible adults and dislocated workers with allowable activities including but not limited to career services, supportive services, training services, and business services.

Background

On July 22, 2014, President Barack Obama signed into law the Workforce Innovation and Opportunity Act (WIOA). WIOA is designed to improve and streamline access to federally funded employment, education, training, and support services. Congress passed the WIOA by a wide bipartisan majority and it is the first legislative reform in 15 years of the public workforce system.

Every year, the key programs forming the pillars of WIOA help tens of millions of jobseekers and workers to connect to good jobs and acquire the skills and credentials needed to obtain them; and it connects employers with skilled workers needed for global economic competition. The enactment of WIOA provides an opportunity for reforms to ensure the One-Stop Delivery System (also known as the American Job Center System) is job-driven, responding to the needs of employers, and preparing workers for jobs that are available now and in the future.

The terms and conditions of this RFP may change based on WIOA legislation. The successful respondent to this RFP will be expected to remain informed on WIOA regulations and requirements. For more information on WIOA and specific information on the seven (7) WIOA job-driven elements found in Training and Employment Guidance Letter 3-14, please visit <http://www.doleta.gov/wioa>.

Additionally, the selected bidder may be asked by the LWDB to participate in special projects and initiatives within the statement of work defined by this RFP and related to the selected bidder's primary role within the one stop system.

Outreach and Branding

The selected bidder will conduct regular and broad outreach, communication and recruitment activities to inform job seekers, employers and other stakeholders of services and resources available through Iowa**WORKS** and Title I of WIOA and the larger workforce development system to ensure a steady pipeline of customers utilizing the Iowa**WORKS** system. As an integral partner of Iowa**WORKS**, the selected bidder will participate in similar activities led by Iowa**WORKS** partners and ensure all activities are carefully coordinated with such partners, in support of an integrated and unified system of workforce development. Outreach and communications will include but not be limited to arrangement of and participation in career and community resource fairs and job recruitment events, both onsite at Iowa**WORKS** centers and offsite at partner locations, where the selected bidder will represent the Adult and Dislocated Worker programs and the broader Iowa**WORKS** system.

Services offered through the One-Stop System and funded by WIOA, including Title I Adult and Dislocated Worker services, shall be promoted with the "Iowa**WORKS**" brand and the federal identifier, "*partner in the American Job Centers Network.*" In keeping with our vision of offering integrated services to both job seekers and employers, promotional and outreach materials (including printed brochures,

All promotional and outreach materials will be approved by the CIWDB Executive Director. The Executive Director will ensure all marketing collateral (stationary, brochures, signage, business cards, advertising, digital content, etc.) meets the branding requirements.

Enrollment

The selected bidder must follow WIOA guidelines, state policies, and LWDB policies in making eligibility determinations and enrolling job seekers in Adult and Dislocated Worker Services. Enrollment refers to the completed process by which an eligible participant has been referred for WIOA services and for whom required documents have been completed and entered into the Iowa**WORKS** system. If an individual is not eligible or suitable for WIOA services, he or she should be referred to an appropriate vocational, educational or social service agency for assistance. The selected bidder may be asked to provide WIOA screening and enrollment services for other WIOA programs administered by the LWDB, on an as-needed basis. The selected bidder will comply with all federal, state, and local guidance and regulations regarding priority of service.

The LWDB is committed to ensuring an efficient, customer-centered approach to enrollment and orientation for Iowa**WORKS** and WIOA Title I Services. The selected provider will employ enrollment practices in accordance with applicable regulations, policies, and procedures and assess/prepare candidates for WIOA activities, but do not impose unneeded requirements on job seekers and employers. The enrollment process should consist of only reasonable and necessary requirements for job seekers and employers, minimizing barriers to enrollment and orientation, and streamlining steps to meaningful participation.

Career Services

The selected bidder will deliver high quality Adult and Dislocated Worker Services, as defined by WIOA, that create opportunities for economic and career success, and connect jobseekers with employer-driven placement, education, and training options. The selected bidder will facilitate services with other Iowa**WORKS** partners, including following established statewide co-enrollment procedures, and work with partner organizations in the Iowa**WORKS** sites to promote the development of integrated intake, case management and reporting.

Every Iowa**WORKS** customer will have access to a set of employment-related career services. The selected bidder will move individuals through the array of career services defined in Section 134(c)(2) of WIOA, based on their individual skills and needs, providing basic, individualized, and follow-up career services. Basic and individualized career services do not have to follow a sequence; rather, they are defined to allow a varied approach to services that meets the needs of a range of job seekers. In planning and delivering career services, the selected bidder will employ an evidence-based triage process that effectively assesses jobseekers to determine and provide the most appropriate career services.

Basic career services

Basic career services are universally accessible and must be made available to all individuals seeking employment and training services at Iowa**WORKS**. Generally, these services involve less staff time and involvement. Basic career services include but are not limited to eligibility determinations; outreach, intake and orientation; initial skill assessments; labor exchange services such as job search, placement assistance, and career counseling; provision of information and assistance regarding the labor market, available training programs, unemployment compensation and supportive services; and program referrals.

The successful bidder will also facilitate self-directed career services for job seekers, available through Exploratory Services (as defined in the Iowa**WORKS** Standard Operating Guide) including current job listings; local labor market information; information on job search methods; lists of current training opportunities; information on partner community services and resources; computers for internet job search; workstations for resume preparation; telephones and fax machines for employer contacts; and a schedule of workshops, job fairs, and other events.

Individualized career services

Individualized career services must be provided when staff determine that such services are required to retain or obtain employment. Generally, these services involve significant staff time and customization to each individual's need. Individualized career services include but are not limited to comprehensive and specialized assessments of skill levels and service needs, in-depth interviewing and evaluation to identify employment barriers, customized career counseling, short-term pre-vocational skills, work experiences, etc. These services also include development of an individual employment plan (IEP) to identify appropriate career pathways, employment goals, related objectives, and combination of services for the participant to achieve goals.

Follow-up career services

The selected bidder must provide follow-up services for adults and dislocated worker participants who are placed in unsubsidized employment for up to 12 months after the first day of employment. Follow-up services may include but are not limited to contact to determine work status; counseling regarding the workplace; additional career planning and counseling; job re-placement; and referral to supportive services. Follow-up services must include more than just an attempted contact.

Workshops

In conjunction with other WIOA partners, the selected bidder will assist in the facilitation of workshops to job seekers at the Iowa**WORKS** centers in the LWDB as part of their career services offerings and participate in workshops conducted by Iowa**WORKS** partner agencies. Workshops will cover but not be limited to job search and soft skills, such as interviewing techniques, resume preparation, networking, effective communications skills, conflict resolution, computer literacy and job readiness training.

Additional services, if determined appropriate for obtaining or retaining employment as identified by assessment, skill deficiency, or length of unemployment may consist of, but are not limited to:

- ▶ Group, individual, and career counseling which may include networking and job clubs.

- Short-term pre-vocational services, including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills and professional conduct.
- Internships and work experiences linked to career pathways.
- Provision of information and referral to additional services as appropriate including financial literacy services and English language acquisition programs.

Training Services

Training services can be critical to the employment success of many adults and dislocated workers. The selected bidder will be responsible for implementing an approach to training services in close coordination and consultation with the LWDB that is driven by the needs of local employers and aligned with viable career pathways, in accordance with the WIOA vision of career pathways (see WIOA Sec. 3, Def. 7). The emphasis will be on supporting occupational clusters and high priority occupations that are in-demand by employers and offer self-sustaining wages.

The selected bidder will coordinate Individual Training Accounts (ITA) for participants who are eligible and suitable for ITAs, pending availability of funding. ITAs are tuition vouchers to be redeemed by eligible training providers. Occupational training will be conducted by providers with programs included on the Eligible Training Provider List (ETPL). The selected bidder will facilitate the ITA application and selection process with job seekers and coordinate participation in occupational training programs, including counseling job seekers on training opportunities and related career pathways and maintaining close communication with training providers. The selected bidder will follow all required guidance and regulations regarding the use of ITAs, including related state and local policies. The selected bidder will also maintain a current working knowledge of available, effective training programs connected to in-demand occupations and related career pathways.

The selected bidder will work closely with area employers to identify and supply participants for work-based training opportunities, including On-the-Job Training (OJT) and Customized Training (CUS).

Staff of the selected bidder may determine training services are appropriate, regardless of whether the individual has received basic or individualized career services first. Training services may be provided if the staff of the selected bidder determine, after conducting an interview, evaluation, or assessment that an eligible individual is unlikely or unable to obtain or retain employment through career services alone; is in need of training services to obtain or retain employment; and has the qualifications to successfully participate in a program of training that is directly linked to employment in the local area.

Supportive Services

Job seekers commonly face a wide variety of barriers that make it difficult to achieve and retain meaningful employment. The selected bidder will think critically and creatively about how to accommodate job seekers with such barriers and provide or connect job seekers with supportive services, as appropriate. The selected bidder will provide supportive services in accordance with IWD and the LWDB Supportive Services Policy when

- The participant is enrolled and receiving WIOA career or training services

- Supportive services are necessary to enable the participation in services
- The participant is unable to obtain similar services from another source

The selected bidder will also build and maintain an effective referral network of service agencies to ensure participants have access to the basic supports needed to fully participate in all services procured through this RFP, especially individuals with barriers to employment, as defined in WIOA Section 3, including but not limited to displaced homemakers; low-income individuals; individuals with disabilities; older individuals; ex-offenders; homeless individuals; youth who are in or have aged out of the foster care system; English language learners and individuals facing substantial cultural barriers; individuals who have low levels of literacy; single parents (including single pregnant women); and long-term unemployed individuals. The selected bidder will also maintain and provide information relating to such services and assistance, including but not limited to child care, child support, medical assistance, the Supplemental Nutrition Assistance Program (SNAP), the Earned Income Tax Credit, PROMISE JOBS, transportation, tax preparation, mental and behavioral health services, financial counseling, housing assistance and other supportive services, as appropriate.

Rapid Response

The selected bidder will develop strategies and employ practices for recruiting and effectively serving dislocated workers, as defined by WIOA sec. (3)(15) and State and local Adult/Dislocated Worker Eligibility Policies. Such strategies and practices must consider the distinct experiences of dislocated workers and customize career, training and supportive services appropriately.

The selected bidder will actively participate in Rapid Response Services to assist employers and workers affected by permanent or substantial layoffs or business closures. Upon notification of a forthcoming layoff or plant closure (Worker Adjustment and Retraining Notification - WARN notice) or employer notification to the local Iowa**WORKS** office, the selected bidder will begin coordinating efforts with Iowa**WORKS** partner programs and partner agencies to provide information and services to those affected. Through the use of Rapid Response funds, Rapid Response Additional Assistance dollars may be made available to the LWDA in the event of increased unemployment due to natural disasters, mass layoffs, or other events, for the provision of direct career services to affected participants. While participating in Rapid Response services, additional reporting to the LWDB may be required by the selected provider.

National Dislocated Worker Grants/TAA/Competitive Grants

If National Dislocated Worker Grants (NDWGs) are awarded the service provider must provide services to those new dislocated workers under the NDWG. If new grants are received which require additional staffing to provide services, the service provider and the LWDB may negotiate a modification to the service provider's contract for any additional costs that are required in providing these services. If the LWDB receives any other grants that include services being delivered in a one-stop environment, the service provider and LWDB may negotiate a modification to the existing contract(s) for any additional costs required in providing these services.

The Trade Adjustment Assistance Act (TAA) is a federal program that assists workers who have lost or may lose their jobs due to impacts of foreign trade. These workers meet the definition of dislocated workers and must be co-enrolled with the Title I Dislocated Worker program.

It is Iowa's policy to co-enroll all Trade Adjustment Assistance (TAA) Act participants with the Title I Dislocated Worker program and, as such, the selected bidder must agree to adhere to this policy.

Business Services

Strong connections with employers are pivotal to the LWDB's commitment to create a thriving local workforce and economically viable region. The LWDB is focused on demand-driven partnerships with businesses to better connect job seekers with employment opportunities and sustainable careers. The selected bidder will inform, participate in and align all activities with Iowa **WORKS** business engagement efforts and sector strategies. The selected bidder will work closely with Iowa **WORKS** partner programs to develop, promote, and deliver quality business services that assist employers and industry sectors in overcoming the challenges of recruiting, retaining, and developing talent for the regional economy. To support area employers and industry sectors most effectively, the selected bidder will have a clear understanding of industry skill needs; identify appropriate strategies for assisting employers; and employ an integrated business services strategy that aligns with the efforts of Iowa **WORKS** and workforce system partners.

Partner Collaboration and Referrals

The LWDB is committed to effectively leading the workforce development system in the local area. The selected bidder will work closely with other WIOA programs in the local area and with the One Stop Operator to collaborate and coordinate activities with the stakeholders and initiatives that comprise the larger workforce development system. Such initiatives include but are not limited to programs funded by

- WIOA
- TANF
- other public and private funds
- core partner agencies providing WIOA Title II, Title III and Title IV Services
- signatories of the One-Stop Partner Memorandum of Understanding (MOU)

To facilitate collaboration and coordination of activities, the selected bidder will:

- Coordinate service delivery with partner programs to increase efficiency and reduce duplication, including career services, training services, business services and supportive services.
- Participate in meetings, conference calls, pilot programs and recruitment events organized by the LWDB, IWD, the One Stop Operator, and the one-stop system.

To ensure all job seekers have access to the services that best meet their needs, the selected bidder will readily embrace collaboration and coordination with partner agencies, providing referrals to partner agencies appropriately, including but not limited to programs within the Iowa **WORKS** centers and the LWDB as a whole. The selected bidder will work closely with partner agencies to determine the best ways to triage clients, ask appropriate questions and make effective referrals, ensuring participants can

make informed decisions about the network of referral services made available through the selected bidder. The selected bidder will use the IowaWORKS data management system to track referrals made by and received from core partner programs and community partners to identify trends and opportunities for system improvements.

The LWDB supports customer participation in multiple programs and services, referred to as co-enrollment, when such participation provides an added value to the customer and complies with applicable rules and regulations. Co-enrollment is not supported when participation in multiple programs and services results in duplication of efforts or inefficient use of resources. The selected bidder will encourage and facilitate co-enrollment for customers in cases when the services and resources of programs are complimentary, efficiently delivered and add value to the customer's progress toward program goals. Co-enrollment is especially encouraged among required partner programs of the one-stop system defined by WIOA.

Staff Training and Development

The selected bidder must employ highly qualified and professional staff at all levels throughout the period of performance whose quality of work is reflective of the world-class workforce development system sought by the LWDB. Staff are required to maintain current knowledge and expertise in the following:

- Career counseling and customer serve best practices
- Labor market information, including characteristics of supply (labor) and demand (employers)
- Initiatives, programs and services of the LWDB and the broader workforce development system
- Availability of industry and employer-recognized training and educational programs and opportunities
- IowaWORKS data management system
- Local resources and services to assist individuals facing barriers to employment
- Culturally competent and accessible service delivery

Performance Indicators and Goals

The selected bidder will meet or exceed the negotiated performance goals for each WIOA Primary Indicator of Performance. Performance across the WIOA Primary Indicators of Performance will be evaluated according to definitions, calculations and guidance from the U.S. Department of Labor, including but not limited to TEGL 10-16, Change 1, as well as related WIOA guidance and directives from the Iowa Workforce Development.

Poor Performance

In the event the selected bidder' performance of the services described in this RFP does not result in the goals defined above, the LWDB or designated representatives will work with the selected bidder to improve performance; however, especially in cases of chronic underperformance, the LWDB may implement corrective measures or terminate any agreement resulting from this RFP upon notice to the selected bidder.

Data Management and Reporting

Selected bidders must regularly track and monitor data related to participation and outcomes, using observations and evaluation to ensure continuous program improvement. Such efforts must be supported by strong internal systems and applications. The selected bidder is required to provide the LWDB with timely reports and supporting documentation, as requested by the LWDB, that clearly demonstrate program enrollment, participation, progress, outputs, and outcomes. The staff of the LWDB, along with IWD, will work with the selected bidder to understand reporting requirements and program exiting procedures, and to determine the appropriate template for reporting outcomes and

performance. Reporting frequency and content are subject to change at the discretion of the LWDB and such may be impacted by changes required from IWD or the US Department of Labor.

IowaWORKS Data Management System

The selected bidder will be required to utilize the IowaWORKS data management system as the information system of record for all participant and employer communication, service provision, and other program activity and must ensure that all data is entered accurately and in a timely manner, adhering to all applicable data rules, regulations, and entry time requirements. The LWDB will utilize data from the IowaWORKS data management system, as well as data collected from other sources, to determine program compliance and evaluate performance of the selected bidder. The selected bidder will adhere to the IowaWORKS data management system Process Guide and the IowaWORKS data management system Standard Operating Procedure Guide for guidance on proper documentation for WIOA Title I and other IowaWORKS data management system participation. In addition, the selected bidder will follow established protocols for uniformed and detailed case notes to ensure clear and consistent tracking and documentation of progress throughout the program. The selected bidder will participate in quality and compliance activities, as well as regular meetings and review of performance reports and other written reports when requested.

The selected bidder will identify staff members whose work requires access to IowaWORKS and submit applications for IowaWORKS access per local protocols. Appropriate staff members to receive IowaWORKS access include career planners (case managers) and other staff members who have regular contact with participants or whose work requires monitoring and oversight of participant data maintained in IowaWORKS. IowaWORKS account credentials and login information may not be shared between staff members or other individuals. The selected bidder must submit notification if any staff member with IowaWORKS access is terminated, voluntarily or involuntarily, within 24 hours of termination. Failure to do so may result in revocation of IowaWORKS access for the selected bidder and contract termination.

Records and Documentation

The selected bidder must retain, secure and ensure the accuracy of all program files and records, whether related to job seekers, businesses or general operations, in compliance WIOA requirements, related federal and state regulations, and the LWDB's record retention requirements. Case files are the property of the LWDB and must contain a variety of documentation including, but not limited to

- program eligibility
- suitability and assessment data
- Individual Employment Plans (IEPs)
- regular customer contacts and updates
- progress reports
- time and attendance sheets (training services)
- case notes

Files must be retained for five years after the LWDB-reports final expenditures to the funding source. The selected bidder must allow the LWDB, its designated Fiscal Agent, and representatives of other regulatory authorities' access to all WIOA records, program materials, staff, and participants.

The selected bidder is responsible for maintaining and securing participant case files at all times, as well as ensuring privacy and protection of all personal information collected from participants per applicable laws, regulations and state policies. Confidentiality of participant information must be maintained and all case files must be properly stored in a secured space with limited staff access. Each staff member who has contact with participants or participant information must receive training on confidentiality requirements. The selected bidder acknowledges that the use or disclosure of participant information for purposes other than the effective delivery of the services described in this RFP is strictly prohibited. Staff of the selected bidder may have access to this information only on a “need to know” basis. The selected bidder must inform employees that inappropriate use of such information may result in disciplinary action, including discharge, or criminal prosecution if the employee knowingly uses the information for fraudulent purposes.

Contract Oversight and Evaluation

The LWDB is responsible for all levels of program monitoring, compliance and evaluation for WIOA Adult and Dislocated Worker activities. The selected bidder will be required to keep good records and collect data that will help the LWDB comply with such requirements and sustain highly effective workforce development programming.

LWDB Responsibilities: monitor, evaluate and provide guidance and direction to the selected bidder in the conduct of services performed under any agreement resulting from this RFP. The LWDB has the responsibility to determine whether the selected bidder has spent funds in accordance with applicable laws and regulations, including federal audit requirements and will monitor the activities of the selected bidder to ensure such requirements are met. The LWDB may require the selected bidder to take corrective action if deficiencies are found.

Contractor Responsibilities

The selected bidder will permit the LWDB to carry out monitoring and evaluation activities, including any performance measurement system required by applicable law, regulation, and funding source guidelines, and the selected bidder agrees to ensure, to the greatest extent possible, the cooperation of its agents, employees and board members in such monitoring and evaluation efforts. This provision shall survive the expiration or termination of any agreement resulting from this RFP.

The selected bidder shall cooperate fully with any reviews or audits of the activities under any agreement resulting from this RFP by authorized representatives of the LWDB or federal or state agencies and the selected bidder agrees to ensure to the extent possible the cooperation of its agents, employees and board members in any such reviews and audits. This provision shall survive the expiration or termination of any agreement resulting from this RFP.

The selected bidder understands that all books and records pertaining to any agreement resulting from this RFP, including payroll and attendance records of participating employees, are subject to inspection by the LWDB, federal or state agencies and others for auditing, monitoring or investigating activities pursuant to any agreement resulting from this RFP. Said books and records shall be maintained for a period of five (5) years beyond the completion of any agreement resulting from this RFP. If the selected bidder receives notice of any litigation or claim involving the grant award or otherwise relating to any

agreement resulting from this RFP, the selected bidder shall retain records until otherwise instructed by the LWDB.

All proposals must describe in detail, how your agency or organization will effectively provide all required services stated above. Your agency or organization program staff does not necessarily need to provide all services, but where services are not provided by your agency or organization's program staff, your agency or organization must have an agreement with a subcontractor to provide those services to its customers.

Subcontracts

If a bidder anticipates using subcontractors to provide any service proposed, the proposal must clearly identify those subcontractors, their specific responsibilities, and the planned budget. The service provider shall not subcontract all services and activities required by this RFP. Copies of the sub-agreements negotiated with a subcontractor must be approved by the LWDB prior to signature on the contract and execution of services. Subcontractors, prior to LWDB approval, must meet all licensing requirements and provide all required documents, certifications and insurance as required by the lead Contractor/Bidder, and shall agree to comply with the Standard General Provisions and all Federal, State regulations and all State and WDB policies and procedures. Any failure by the Subcontractor to meet all licensing requirements or to provide all required documents, certifications or insurance by the Contract date shall be considered a violation of the RFP and the Contract shall not be awarded until such violation is cured after ten (10) days written notice, or then at the option of the LWDB, the Contract may be awarded to the next ranked Proposer recommended for funding, if any.

V. Budget

Provide a budget including all program-related and administrative costs, using the required budget template provided in this RFP. Note that your total budget will be allocated across funding streams according to your program model and in proportions similar to those described in the *Background and General Information*, section. Strong letters of support will agree with the description of the support in your proposal and quantify the value of services or resources leveraged in support of your proposed program.

Review and Selection Process

All proposals received by the submission deadline will be initially reviewed for responsiveness and compliance with the specifications and requirements contained in this RFP. Proposals passing the initial review will be scored by internal and external evaluators, according to the criteria below, with attention to clarity, completeness and quality.
