<ul style="list-style-type: none"> • <i>The committee discussed local strategy for the Title I Youth and Young Adult program provision. It focused on further defining the “In-School” and “Out of School” eligibility requirements and target audiences. The local area may have an increased cap on ISY due to a state waiver and needs to decide if it will allocate OSY funding towards ISY if allowed. Some initial consensus was that ISY funding may best be allocated outside of Polk County, as Polk County has other existing resources. OSY funding may be best directed in Polk County because it has more eligible individuals and there are less resources for OSY. However, young adults ages 18-24 post high school in rural counties were also brought up as an area for outreach of OSY funds.</i>
