SECTION 1- Purpose, Introduction and Background

Purpose

The Iowa Plains Committee is seeking proposals for a public, private, non-profit entity or consortium of entities to serve as a One-Stop Operator for the comprehensive, affiliate, and satellite One-Stop Centers in the Iowa Plains Workforce Development Area. This Request for Proposal was prepared based on the Workforce Innovation and Opportunity Act of 2014 (WIOA) and associated U.S. Department of Labor Regulations and guidance.

Introduction

Iowa Plains Local Workforce Development Area is one of six Local Workforce Development Areas (LWDA) in Iowa designated by the Governor under the Workforce Innovation and Opportunity Act. For the purposes of this Request for Proposal (RFP), Iowa Plains LWDA will be referred to as “IPLWDA” or “Iowa Plains LWDB.”

The Iowa Plains LWDA is the successor to four local development areas (Western Iowa, Northwest Iowa, North Central Iowa, and Southwest Iowa) who voted in early 2023 to dissolve. Iowa Workforce Development formally became responsible for providing federal workforce training and education programs and services through the WIOA Title I Adult, Dislocated Worker and Youth services to the 42-county area on July 1. Virtual and in person services are provided at six Iowa *WORKS* Centers locations in Council Bluffs, Creston, Denison, Fort Dodge, Sioux City and Spencer.

The State Workforce Development Board (SWDB) voted in September to create a standing committee to represent Iowa Plains LWDA. The committee will provide recommendations regarding the policies, procedures, budget, operations, and other issues relating to the local workforce system in the Iowa Plains LWDA. The committee will only consist of members from the Iowa Plains LWDA and shall be chaired by a business representative.

Guided by the Iowa State Workforce Development Board, the Iowa Plains LWDA Committee will collaborate with business leaders and community partners to enhance the integrated, job-driven workforce system that links diverse talent to businesses and support the development of a strong, vibrant economy where businesses thrive, and people want to live and work.

The American Job Centers (also referred to as One-Stop Centers/Iowa *WORKS*) are designed to provide a full range of services and assistance opportunities to job seekers and employers under one roof. Established under the Workforce Innovation and Opportunity Act (WIOA) the American Job Centers offer referrals to employment, work-based learning opportunities, career counseling, job listings, recruitment and incentive services to employers, access to training programs, and similar employment-related services.

In addition, American Job Centers have business service staff comprised of professionals who work directly with employers to meet their specific staff needs at no cost to the employer. Services available to employers include online posting of job vacancies, screening of applicants, job seeker resume searches, applicant referrals, individual hiring events and job fairs, and Rapid Response assistance to employers dealing with layoffs or company closure.

IPLWDA's vision is all residents of the forty-two counties in the Iowa Plains Local Workforce Development Area particularly those with barriers to employment, will have access to innovative workforce services, integrated training, and education programs, and direct support services. This collaboration between Core Partners will provide the required knowledge, skills, and credentials necessary for securing sustainable employment that strengthens the local economy and meets the needs of our local business community.

Iowa Plains Committee with the guidance of the SWDB, aims to foster a dynamic, integrated, and ever-improving workforce development system in which employers and individuals have ready access to a network of information and services responsive to their unique employment needs. To provide local area residents with access to the literacy, education, vocational rehabilitation programs, and workplace skills necessary for self-sufficient employment and advancement. Further, Iowa Plains Committee aims to empower Iowa Plains Workforce Development Area youth with the knowledge, skills, and behaviors necessary for employment and economic independence in high-skilled, high-wage careers, and lifelong learning.

The three hallmarks of WIOA include:

1. The needs of businesses and workers drive workforce solutions, and local boards are accountable for this within the communities they serve.
2. One-Stop Centers provide excellent customer-centric services and focus on continuous improvement; and,
3. The workforce system supports strong local economies and plays an active role in community and workforce development.

WIOA was implemented to consolidate, coordinate, and improve employment, training, literacy, and vocational rehabilitation programs in the United States. WIOA provides the framework for a national workforce preparation system that is flexible, responsive, customer-focused, and locally managed. Mandatory core program partners include Adult/Dislocated Worker/Youth, Wagner-Peyser, Adult Education and Literacy, and Vocational Rehabilitation, along with required partners specified in the Act.

Required Program Partners must participate in the Memorandum of Understanding (MOU) process and provide coordinated services with the comprehensive One-Stop Centers. Required Program Partners include the four Core Program Partners as well as Career and Technical Education, Title V Older Americans, Job Corps, Native American Programs, Migrant Seasonal Farmworkers, Veterans, YouthBuild, Trade Act, Community Services Block Grant, HUD, Unemployment Compensation, Second Chance, and TANF. In the event any of the required partners do not have funding in the Iowa Plains Workforce Development Area, their participation is waived.

Offerors are strongly encouraged to read Training and Employment Guidance Letter 04-15 issued by the U.S. Department of Labor that outlines the vision for the One-Stop System under WIOA.

Iowa Plains Local Workforce Development Area

Iowa Plains Committee and/or SWDB is seeking proposals for a public, private, non-profit entity or consortium of entities (if the consortium is comprised of One Stop partners, it must include a minimum of three One Stop partners) to serve as a One-Stop Operator for the comprehensive, affiliate, and satellite One-Stop Centers in the Iowa Plains Workforce Development Area. This Request for Proposal was prepared based on the Workforce Innovation and Opportunity Act of 2014 (WIOA) and associated U.S. Department of Labor Regulations and guidance.

Background

On July 22, 2014, President Barack Obama signed into law WIOA. WIOA is designed to improve and streamline access to federally funded employment, education, training, and support services. Congress passed WIOA by a wide bipartisan majority and it is the first legislative reform in 15 years of the public workforce system.

Every year, the key programs forming the pillars of WIOA help tens of millions of job seekers and workers to connect to good jobs and acquire the skills and credentials needed to obtain them; and it connects employers with skilled workers needed for global economic competition. The enactment of WIOA provides an opportunity for reforms to ensure the One-Stop Delivery System (also known as the American Job Center System) is job-driven, responding to the needs of employers, and preparing workers for jobs that are available now and in the future.

The terms and conditions of this RFP may change based on WIOA legislation. The successful respondent to this RFP will be expected to remain informed on WIOA regulations and requirements. For more information on WIOA please visit <http://www.doleta.gov/wioa>.

WIOA is built around the following key principles:

- Increase access and opportunity, particularly for those individuals with barriers to employment, to ensure success in the labor market.
- Support the alignment of workforce investment, education, and economic development systems in support of a comprehensive, accessible, and high-quality workforce development system.
- Improve the quality and labor market relevance of workforce investment, education, and economic development efforts to provide workers with the skills and credentials necessary to secure and advance in employment with family-sustaining wages, and to provide employers with the skilled workers they need to succeed in a global economy.
- Promote improvement in the structure and delivery of services to better address the employment and skill needs of workers, jobseekers, and employers.
- Increase the prosperity of workers and employers and the economic growth of communities, local areas, and states, and the global competitiveness of the United States.

-
- Provide workforce investment activities, through statewide and local workforce development systems, that increase the employment, retention, and earnings of participants, and increase the attainment of recognized postsecondary credentials by participants.

The SWDB provides policies, guidance, and oversight for the WIOA programs in the Iowa Plains Workforce Development Area. The purpose of the Iowa Plains Committee is to facilitate, plan, and coordinate workforce development resources to maximize the efforts of government, business, and education.

Through collaborative partnerships, the SWDB is the local policy organization responsible for the planning, oversight, and coordination of workforce development initiatives that help support economic development in the Iowa Plains Workforce Development Area. The Iowa Plains Committee provides leadership to the local workforce system by promoting the delivery of comprehensive employment and training services, providing guidance, and exercising independent oversight regarding activities under WIOA and other programs within the Iowa *WORKS* offices.
