REGIONAL WORKFORCE DEVELOPMENT BOARD
MEETING MINUTES

JUNE 29, 2017
IowaWORKS OFFICE
CEDAR RAPIDS, IOWA

RWDB Board Members Present: Wayne Frauenholtz, Marcel Kielkucki, Patrick Loeffler (by teleconference), Patty Manuel, Steve Olson, Kim Painter (by teleconference), Shelley Parbs, Susie Weinacht (by teleconference)

RWDB Board Members Absent: Mary Gudenkauf, Kristy Lyman, Julie Perez, Mark Schneider

RWDB Ex-Officio Members: Laurie Worden

STAFF: Carla Andorf, Kim Becicka, Angela James, Scott Mather, Carlos Vega, Kate Pine

CEO Board Members: Bob Yoder, Travis Weipert

The Executive Committee meeting was called to order by Chair Bob Yoder at 10:05 am. The Executive Committee met quorum. Bob Yoder asked everyone present to introduce themselves.

Carla Andorf discussed selecting the one-stop operator for Region 10. Bob Yoder asked for a motion to authorize Iowa Workforce Development to designate or certify a one-stop operator on behalf of the workforce development board, in accordance with section 121(d) of the federal Workforce Innovation and Opportunity Act while strongly encouraging a coalition with local representation. M/S/C, Travis Weipert, Patty Manuel, motion approved.

Bob Yoder asked for a motion to adjourn the Executive Committee meeting. M/S/C, Patty Manuel, Travis Weipert, motion approved.

The RWDB meeting was called to order by Chair Patty Manuel at 10:30 am. The RWDB board met quorum.

Patty Manuel asked for a motion to approve the agenda. M/S/C, Steve Olson, Marcel Kielkucki, agenda approved.

Patty Manuel asked for a motion to approve the consent agenda. M/S/C, Susie Weinacht, Marcel Kielkucki, motion approved.

Patty Manuel asked if there was any correspondence to share. There was none.

Patty Manuel asked if there were any member announcements. Susie Weinacht is attending and presenting at a re-entry simulation training today at the Cedar Rapids Public Library. Scott

Mather stated that IowaWORKS staff will be helping with that simulation later today.

Carla Andorf reviewed the WIA Training Provider application for Kaplan University for their programs. If approved, this will allow clients to receive WIOA funding for their programs. Patty Manuel asked for a motion to approve the WIOA Training Provider applications. M/S/C, Steve Olson, Susie Weinacht, motion approved.

Kaplan University also provided a list of programs to remove from the Iowa Eligible Training Provider list. Patty Manuel asked for a motion to remove those programs from the approved WIOA Training Provider list. M/S/C, Marcel Kielkucki, Steve Olson, motion approved.

Carla Andorf discussed the transition fund expense. We had \$71 in carryover funds that we would like to spend on the video and referral guide development costs. Patty Manuel asked for a motion to approve the transition fund expense. M/S/C, Shelley Parbs, Wayne Frauenholtz, motion approved.

Carla Andorf, Scott Mather and Marcel Kielkucki gave an update on our board transition plan. The committee met in June and identified possible board members to contact. We are in the process of making those contact calls and have had some positive responses. We hope to have several applications for our September meeting.

Carla Andorf gave an update on the Strategic Plan and Regional Workforce Goals progress. We have a team event planned for Camp Wapsi in October. We will also be hosting a sector board facilitators' lunch with our core partners; we will also have at least one sector chair represented. We will share that date with our board members.

Kim Becicka reviewed the Grants Report. The financials and enrollments were reviewed for the GAP and KPACE programs. GAP will have a 30% carryover and PACE will be totally spent this fiscal year. We will share information from a completed wage data survey for GAP, PACE and high school completion students once it is finalized.

Carla Andorf reviewed the WIA enrollment and financial reports. These reports show our performance measures for enrollment and financial goals.

Scott Mather reviewed the Region 10 Iowa Workforce Development report for May. This report reviewed registrations, job listings and unemployment insurance. Also highlighted were the recruiting events assisted by the Employer Services team, center activities and rapid response activities.

Marcel Kielkucki reviewed the Adult Education/Literacy report. Performance metrics for the program were shared. We will meet our enrollment and post-test goals for this program year. We received notification that we have been awarded federal Adult Education funding to serve the region as an adult education provider. We also received funds for Integrated English Literacy and Civics Education.

Kate Pine gave a presentation on the development of the Registered Apprenticeship program.

Patty Manuel asked for a motion to adjourn the meeting. M/S/C, Steve Olson, Wayne Frauenholtz, motion approved.

The meeting adjourned at 11:45 am.

Dear Patty and Bob:

A Quality Assurance review has been completed for the WIOA Title I Adult, Dislocated Worker and Youth programs in Region 10 for Program Year 2016. State staff reviewed the data management information system and worked with the office electronically to provide any requested proof necessary to substantiate program compliance. I want to thank all of the staff involved for their assistance in providing needed documentation as we conducted our reviews electronically for the PY16 year.

The Quality Assurance Review is intended to identify the strengths in workforce programs in Region 10 and also areas where Technical Assistance may be of the most value. The review was conducted by Title I Quality Assurance team members: Kyle Clabby-Kane, Kristi Judkins, and Wendy Greenman.

Reviews were conducted monthly throughout January, February, March, April and May 2017. One file per program area was reviewed each month, totaling 5 files reviewed in each program area. Monthly reviews included an Initial Monitoring Report which included: an overall monitoring score, findings and required actions, observations, and strengths.

The monthly Initial Monitoring Reports are the basis for the information contained in this Comprehensive Monitoring Report. Within, you will find: findings, observations and strengths, as applicable.

Findings and observations were collectively reviewed between all three program areas. How many times an issue occurred determined whether it would be passed, or classified as an observation or finding.

- **Pass:** if an issue occurred just once between all programs, it was excused.
- **Observation:** if an issue occurred twice between all programs, it generated an observation, or if it was serious enough to merit a citation.
- **Finding:** if an issue occurred three or more times between all programs, it generated a finding.

Region 10 adequately responded to all Initial Monitoring Reports and any corrective actions given. Due to this, you will find within this Comprehensive Monitoring Report that all findings are resolved.

The following *Findings* were determined:

1. Objective Assessment (OBA) was not clearly documented in the data management system.

Policy:

- Workforce Innovation and Opportunity Act (WIOA) Title I Programs-Youth
 - Page 9: *The results of the objective assessment must be shared verbally with the participant and must be used to develop the ISS in partnership with the youth. The OBA must be clearly documented in the data management system. The results of OBA instruments and how the results were used to develop the ISS must be documented in the participant case file with copies of results and detailed in participant case notes.*
- Workforce Innovation and Opportunity Act (WIOA) One-Stop Delivery System Title I Programs-Adult & Dislocated Worker Services
 - Page 18: *The results of the objective assessment must be shared verbally with the participant and must be used to develop the IEP in partnership with the participant. The OBA must be clearly documented in the data management system.*

Corrective Action and IWD Conclusion:

Based on the response received from the initial monitoring report this finding is resolved.

2. Participant contacts were not occurring according to policy.

Policy:

- Workforce Innovation and Opportunity Act (WIOA) Title I Programs-Youth
 - Page 16: *For enrolled youth, the evaluation of participant progress must be conducted for each participant within the first 30 days of participation, at least monthly thereafter.*
- Workforce Innovation and Opportunity Act (WIOA) One-Stop Delivery System Title I Programs-Adult & Dislocated Worker Services
 - Page 14: *The staff evaluation must include direct contact with the individual. Direct contact is defined as an exchange of information. Direct contact may be either in person, by telephone, by e-mail or regular mail or electronic means provided there is a meaningful conversation or interaction between staff and the participant documented in the case file. On-going documentation should occur every 30 days, but must occur every 90 days.*

Corrective Action and IWD Conclusion:

Based on the response received from the initial monitoring report this finding is resolved.

The following *Observations* were determined:

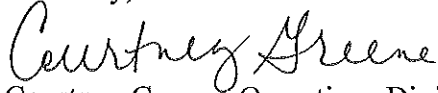

1. Participants had been exited; however the exit was not clearly/completely documented in the data management system. Specifically, the exit snapshot was not completed.
2. Regarding youth goals it was observed that in there were no current youth goals open. In addition, the youth was identified as basic skills deficient, however there were no goals set to address the deficiency.

The following *Strengths* were identified:

1. Good examples of case notes were observed.
2. Co-enrollment with PROMISE JOBS, including shared documentation and communication between career planners.
3. WEP timesheets which included TRN reimbursement information.

FINAL MONITORING REPORT SPRING 2017

Dear Dr. Starcevich:

I am in receipt of your response to my monitoring of Kirkwood Community College and the Workforce Innovation and Opportunity Act programs they administer for Region 10. The report listed no finding(s) that required corrective action and a response from your organization.

The original finding(s), your responses and my final decision, are attached to this letter. Please note that the scope of a financial monitoring review is significantly less than a financial and compliance audit. Therefore, we cannot express an opinion as to whether the financial statements reviewed present fairly the financial position for the period reviewed nor whether all disbursements are made in compliance with the terms of the contract(s) monitored. Subsequent monitoring visits will include a review of the item(s) listed above. Thank you for your assistance in resolving the above noted item(s).

If you have any questions regarding the findings you may contact Jamie Swacker at (515) 242-5221.
Sincerely,

A handwritten signature in black ink, appearing to read "B. Conner", written over a horizontal line.

STAFF OVERHEAD PAYMENTS

Staff overhead claims were sampled in order to ensure that payments are reasonable, allowable and allocable to the programs charged. No findings/comments during this review period.

COST LIMITATIONS

Cost limitations are reviewed to determine if there are any possible compliance issues in relation to meeting the budget requirements as imposed in federal regulations and the terms of the contracts. No finding/comments during this review period.

OTHER ISSUES FROM IWD QUESTIONNAIRE

There are other tests conducted during the visit that cannot be appropriately classified with the sections outlined above. No findings/comments during this review period.

Memorandum of Understanding
Between
The Region 10 Regional Workforce Development Board (RWDB)
And Goodwill of the Heartland

Congress enacted the Workforce Innovation and Opportunity Act (WIOA) to strengthen our country's workforce development system by aligning its employment, training and education programs. This alignment of program services will combine with a metrics-based assessment of performance to improve our workforce development system. WIOA prioritizes a forward looking one-stop system that provides integrated employment, training, and education programs responsive to the employment needs of the system's customers: job seekers, employees, and businesses. This focus will result in a one-stop system that will lead to economic growth for the individual, State and nation.

Goodwill of the Heartland agrees to work together with the RWDB to develop a partnership of workforce services delivery that fosters cooperation, collaboration, communication and accessibility. This MOU sets forth the framework for local-level collaboration in pursuit of attaining the goals and meeting the requirements set forth by WIOA.

Iowa's one-stop delivery system is a locally driven system that provides the programs and services to achieve the goals set forth in the Iowa Unified State Plan:

- Goal 1: Iowa's employers will have access to advances, skills, diverse and Future Ready workers.
- Goal II: All Iowans will be provided access to a continuum of high quality education, training, and career opportunities.
- Goal III: Iowa's workforce delivery system will align all programs and services in an accessible, seamless, and integrated manner.

These goals will be accomplished by providing all customers in each region across the state access to a high-quality one-stop system with the full range of services available in their communities.

Goodwill agrees to work in partnership with the RWDB to accomplish the goals of the state. Goodwill's Vice President of Mission Services serves as an Ex-Officio on the RWDB. Goodwill's Training 2 Work program works closely with RWDB partners with enrolling participants into programs to further their training and education and upon completion searching for competitive employment. Goodwill utilizes all services of workforce development partners and will continue to refer each participant in the Training 2 Work program to workforce development services.

Goodwill of the Heartland Representative

Date

GUIDANCE: 2017 One-Stop Certification Criteria

Issued: September 18, 2017

Background.

1. Congress enacted the federal Workforce Innovation and Opportunity Act (WIOA) on July 22, 2014.
2. The U.S. Department of Labor (USDOL), U.S. Department of Education (USDOE), and Rehabilitation Services Administration (RSA) published in the Federal Register final implementing regulations (Final Rules) on August 19, 2016.
3. WIOA and its Final Rules contain requirements with respect to the One-Stop Delivery Systems (Systems), Comprehensive One-Stop Centers (Centers), Affiliated Sites in the System, Equal Opportunity, and One-Stop Certification of Centers and Systems.
4. Under WIOA, Local Workforce Development Boards (Local Boards) are charged with oversight of the System, including the performance of One-Stop Certification at least once every three (3) years, in accordance with criteria and procedures developed by the State Workforce Development Board (State Board).
5. Under WIOA, One-Stop Certification focuses on the Center, but also includes evaluations of how well the System meets the Equal Opportunity obligations under WIOA section 188.
6. WIOA and its Final Rules require that One-Stop Certification include evaluations of effectiveness that include how well the Center:
 - a. Integrates available services for participants and businesses;
 - b. Meets the workforce development needs of participants and the employment needs of local employers;
 - c. Operates in a cost-efficient manner;
 - d. Coordinates services among the one-stop partner programs;
 - e. Provides access to partner program services to the maximum extent practicable, including providing services outside of regular business hours where there is a workforce need, as identified by the Local Board.

7. WIOA and its Final Rules require that One-Stop Certification evaluations of effectiveness take into account feedback from one-stop customers.
8. WIOA and its Final Rules require that One-Stop Certification include evaluations of the effectiveness that address how well each Center and System take actions to comply with the disability-related regulations implementing WIOA section 188, set forth at 29 C.F.R. part 38, including but not limited to:
 - a. Providing reasonable accommodations for people with disabilities;
 - b. Making reasonable modifications to policies, practices, and procedures where necessary to avoid discrimination against people with disabilities;
 - c. Administering programs in the most integrated setting appropriate;
 - d. Communicating with people with disabilities as effectively as with others;
 - e. Providing appropriate auxiliary aids and services, including assistive technology devices and services, where necessary to afford people with disabilities an equal opportunity to participate in and enjoy the benefits of, the program or activity; and
 - f. Providing for the physical and programmatic accessibility of the Center to individuals with disabilities.
9. One-Stop Certification must evaluate continuous improvement, including how well the Center supports the achievement of the negotiated levels of performances for the indicators of performance for the Local Workforce Development Area (Local Area) described in WIOA section 116(b)(2) and the Final Rules. Other continuous improvement factors in One-Stop Certification may include:
 - a. Whether there is regular process for identifying and responding to technical assistance needs;
 - b. Whether there is regular system of continuing professional staff development; and
 - c. Whether there are systems in place to capture and respond to specific customer feedback.
10. WIOA requires that the State Board, in consultation with chief elected officials (CEOs) and Local Boards, develop statewide One-Stop Certification criteria and procedures.
11. Local Boards may establish additional criteria, or set higher standards for service coordination, than those set by the State Board's One-Stop Certification criteria.
12. WIOA requires Local Boards to certify Centers in order to be eligible to use infrastructure funds in the State funding mechanism under WIOA section 121(h).

13. This Guidance covers One-Stop Certification in Iowa, which must be completed by each Local Board on or before December 31, 2017.

1. Territory of the Region.

- 1) Under WIOA, the smallest organizational territory is a Local Area.
- 2) Each Local Area must have a Local Board that meets the membership requirements under WIOA section 107.
- 3) WIOA requires the designation of “Regions.” A “Region” consists of one or more Local Workforce Development Areas (Local Areas).
- 4) In Iowa, each Local Area is also a Region. Any reference to a Local Area in this Guidance is a reference to a Region and any reference to a Region is a reference to a Local Area.
- 5) Section 1 of the One-Stop Certification requires the Local Board to identify each State of Iowa county that is a part of its Region.

2. The Region’s Comprehensive One-Stop Center.

- 1) WIOA requires that each Region must have at least one Center in its System.
- 2) The Center is the focus of One-Stop Certification under WIOA and its Final Rules.
- 3) The Center is a physical location where job seeker and employer customers can access the programs, services, and activities of all one-stop partners, during the Center’s regular business hours.
- 4) The Center must provide:
 - a. Career services, described in the WIOA Final Rules;
 - b. Access to training services, described in the WIOA Final Rules;
 - c. Access to employment and training activities carried out under WIOA section 134(d);
 - d. Workforce and Labor Market information.
- 5) The Center must be physically and programmatically accessible to people with disabilities, as described in WIOA section 188 and its implementing regulations.
- 6) In Section 2, the Local Board must identify the Center in its Regional System.

3. The Region's Affiliated Site(s).

- 1) The WIOA Final Rules refer to Affiliated Sites alternatively as an Affiliate Site or “Affiliated One-Stop Center.” In order to avoid unnecessary confusion, this Guidance and the One-Stop Certification criteria refer to these facilities as Affiliated Sites.
- 2) An Affiliated Site is a site that makes available to job seeker and employer customers one or more of the one-stop partners’ programs, services, and activities.
- 3) An Affiliated Site does not need to provide access to every one-stop partner program.
- 4) The frequency of one-stop partner program staff’s physical presence in the Affiliated Site will be determined at the local level.
- 5) Affiliated Sites are access points in addition to the Center in each Region.
- 6) If used by a Region as part of the service delivery strategy, Affiliated Sites must be implemented in a manner that supplements and enhances customer access to services.
- 7) All Affiliated Sites must be physically and programmatically accessible to people with disabilities, as described in WIOA section 188 and its implementing regulations.
- 8) In Section 3, the Local Board must identify each Affiliated Site (if any) in the Region.

4. Evaluation of Effectiveness and Support of Continuous Improvement.

- 1) Under WIOA, One-Stop Certification focuses on the Center, but also includes evaluations of how well the System meets the Equal Opportunity obligations under WIOA section 188 and its implementing regulations.
- 2) Section 4.1 through 4.7 focus on meeting the WIOA Final Rules’ requirement to evaluate the Center’s effectiveness and support of continuous improvement.
- 3) Section 4.8 evaluates how well the Center and Affiliated Site(s) take actions to comply with the disability-related provisions of WIOA section 188 and its implementing regulations, with a focus on the areas expressly identified in the WIOA Final Rules on One-Stop Certification.
- 4) With respect to the requirement in the WIOA Final Rules that One-Stop Certification’s evaluation of continuous improvement must include how well the Center supports the achievement of the negotiated local levels of performance for the indicators of performance for the Region, the One-Stop Certification criteria in Section 4 are designed to collectively meet this requirement. The Center’s score on the criteria in Section 4 will reflect how well the Center supports the achievement of the negotiated local levels of performance for the indicators of performance for the Region.

4.1. Continuous Improvement and Customer Feedback.

- 1) This Section is intended to meet the requirements under WIOA and its Final Rules that One-Stop Certification criteria must evaluate how well the Center supports continuous improvement and how well the Center captures and responds to customer feedback.
- 2) Section 4.1.1 evaluates whether the Center meets the optional continuous improvement factors in the WIOA Final Rules on One-Stop Certification that do not include customer feedback.
- 3) Section 4.1.2 evaluates how well the Center is using customer feedback, including the optional continuous improvement factor relating to such.
- 4) Section 4.1.2 evaluates whether the One-Stop Certification took into account customer feedback, as required by the WIOA Final Rules on One-Stop Certification.

4.2. How well does the Center meet the needs of participants?

- 1) A “participant” is a job seeker or worker who is participating in a one-stop partner program.
- 2) One goal of the Iowa WIOA Unified State Plan is that *all* Iowans will be provided access to a continuum of high-quality education, training, and career opportunities.
- 3) This Section is intended to meet the requirement under WIOA and its Final Rules that One-Stop Certification criteria must evaluate how well the Center meets the workforce development needs of participants and how well the Center supports continuous improvement.
- 4) To evaluate this, the One-Stop Certification criteria incorporate the required services that a Center must make available under WIOA and its Final Rules.
- 5) Section 4.2.1 evaluates whether the Center is making available the basic career services under WIOA and its Final Rules.
- 6) Section 4.2.2 evaluates whether the Center is making available the individualized career services required under WIOA and its Final Rules.
- 7) Section 4.2.3 evaluates whether the Center is making available the follow-up services required by required under WIOA and its Final Rules.
- 8) Section 4.2.4 evaluates whether the Center is providing access to the training services required under WIOA and its Final Rules.

4.3. How well does the Center meet the needs of local employers?

- 1) A “local employer” is an entity within the Region that employs workers.

- 2) One goal of the Iowa WIOA Unified State Plan is that employers will have access to advanced, skilled, diverse, and Future Ready workers.
- 3) This Section is intended to meet the requirement under WIOA and its Final Rules that One-Stop Certification criteria must evaluate how well the Center meets the workforce development needs of local employers and how well the Center supports continuous improvement.
- 4) To evaluate this, the One-Stop Certification criteria incorporate the required business services that a Center must make available under WIOA and its Final Rules.
- 5) Section 4.3.1 evaluates whether the Center is making available the basic business services required under WIOA and its Final Rules.
- 6) Section 4.3.2. Evaluates whether the Center is making available the customized business services required under WIOA and its Final Rules.
- 7) Section 4.3.3 evaluates whether the Center is supporting the other business services and strategies in WIOA and its Final Rules.

4.4. How well does the Center integrate available services?

- 1) This Section is intended to meet the requirement under WIOA and its Final Rules that One-Stop Certification criteria must evaluate how well the Center integrates available services and how well the Center supports continuous improvement.
- 2) One goal of the Iowa WIOA Unified State Plan is to align all programs and services in an accessible, seamless and integrated manner, with integration one of the plan's four themes.
- 3) Centers in Iowa have long used the "Iowa *WORKS*" brand name. WIOA requires the use of a common identifier to unite Centers and one-stop partners under a common brand across the country. Section 4.4.1 evaluates how well the Center has implemented the common identifier required by WIOA, its Final Rules, and Iowa policy: "Iowa *WORKS*: A proud partner in the American Job Center network."
- 4) Section 4.4.2 evaluates how well one-stop partner programs have implemented the "A proud partner in the American Job Center network" common identifier.
- 5) Section 4.4.3 evaluates how well the Center has integrated its web presence.
- 6) Section 4.4.4 evaluates how many one-stop partner programs are included in the Center's integrated customer intake process. An integrated intake process is an important part of the vision under WIOA of a seamless customer experience that allows for Center staff to identify programs, services, and activities that meet the participant's individual needs.

- 7) Section 4.4.5 evaluates how well the Center has integrated its delivery of the basic career services required under WIOA and its Final Rules, by identifying which one-stop partner programs are participating in the provision of each.
- 8) Section 4.4.6 evaluates how well the Center has integrated its delivery of the individualized career services required under WIOA and its Final Rules, by identifying which one-stop partner programs are participating in the provision of each.

4.5. Coordination of Services at the Center.

- 1) This Section is intended to meet the requirement under WIOA and its Final Rules that One-Stop Certification criteria must evaluate how well the Center coordinates services among one-stop partner programs and how well the Center supports continuous improvement.
- 2) The System under WIOA includes multiple federal programs as one-stop partners. Sections 4.5.1 through 4.5.20 evaluate how well the Center coordinates each one-stop partner program with the other one-stop partner programs, including co-enrollment, referrals, coordination of services among co-enrolled participants, and standard practices.
- 3) Section 4.5.21 evaluates how well the Center's integrated business services team coordinates its services and activities with one-stop partner program staff who work with participants.

4.6. How cost-efficient are the Center's operations?

- 1) This Section is intended to meet the requirement under WIOA and its Final Rules that One-Stop Certification criteria must evaluate how well the Center operates in a cost-efficient manner and support continuous improvement.
- 2) Section 4.6.1 evaluates the cost-efficiency of the Center's physical location by considering how its lease was procured, what the lease covers, and how many one-stop partner programs are co-located to share the costs associated with the Center's physical location.
- 3) Section 4.6.2. evaluates how cost-efficient the Center's data and case management system(s) are by evaluating how they are supported and how many one-stop partner programs use them.
- 4) Section 4.6.3 evaluates how cost-efficient the Center's personnel is by considering the share of the Center's budget that is dedicated to personnel.
- 5) Section 4.6.4 evaluates how cost-efficient the Center's one-stop operator services are by evaluating the procurement process, how the role is defined, whether the Region joined with other Regions to procure one-stop operator services, and the cost relative to the Region's available federal funding for the Title I Youth, Adult, and Dislocated Worker programs.
- 6) Section 4.6.5 evaluates how well the Center leverages non-federal resources.

- 7) Section 4.6.6 evaluates how efficient the Center’s use of accessible information technology (IT) is, which is a benefit of integration identified by the U.S. Departments of Labor, Education, and Health and Human Services.

4.7. Access to One-Stop Partner Program Services at the Center.

- 1) This Section is intended to meet the requirement under WIOA and its Final Rules that One-Stop Certification criteria must evaluate how well the Center provides access to one-stop partner program services to the maximum extent practicable, including providing services outside of regular business hours where there is a workforce need, as identified by the Local Board, and how well the Center supports continuous improvement.
- 2) WIOA and its Final Rules require that the Center provide “access to” all one-stop partner programs. Access to one-stop partner programs at the Center can take one or more of three alternative forms:
 - a. Having a program staff member physically present at the Center;
 - b. Having a staff member from a different partner program physically present at the Center and appropriately trained to provide information to customers about the programs, services, and activities available through all partner programs; or
 - c. Making available a direct linkage through technology to a program staff member who can provide to customers meaningful information or services.
- 3) One of the goals of the Iowa WIOA Unified State Plan is that *all* Iowans will be provided access to a continuum of high quality education, training, and career opportunities.
- 4) Section 4.7.1 evaluates whether the Center provides services outside of regular business hours where there is a workforce need.
- 5) Section 4.7.2 evaluates how well the Center provides access to the WIOA core one-stop partner programs during regular business hours. This Section uses a scoring system that rewards each of three allowable methods of providing access to a one-stop partner program under WIOA and its Final Rules.
- 6) Section 4.7.3 evaluates how well the Center provides access to each of the non-core required one-stop partner programs during regular business hours. This Section uses a scoring system that rewards each of three allowable methods of providing access to a one-stop partner program under WIOA and its Final Rules.

4.8. Evaluation of Equal Opportunity in the Center and System.

- 1) This Section is intended to meet the requirement under WIOA and its Final Rules that One-Stop Certification criteria must include evaluations of effectiveness that include how well each Center and System take actions to comply with the disability-related regulations implementing WIOA section 188, set forth at 29 C.F.R. part 38, including but not limited to:
 - a. Providing reasonable accommodations for people with disabilities;
 - b. Making reasonable modifications to policies, practices, and procedures where necessary to avoid discrimination against people with disabilities;
 - c. Administering programs in the most integrated setting appropriate;
 - d. Communicating with people with disabilities as effectively as with others;
 - e. Providing appropriate auxiliary aids and services, including assistive technology devices and services, where necessary to afford people with disabilities an equal opportunity to participate in and enjoy the benefits of, the program or activity; and
 - f. Providing for the physical and programmatic accessibility of the Center to individuals with disabilities.
- 2) This Section is also intended to support continuous improvement.
- 3) One of the goals of the Iowa WIOA Unified State Plan is that Iowa employers will have access to an advanced, skilled, diverse, and Future Ready workforce. Another goal is that *all* Iowans will be provided access to a continuum of high quality education, training, and career opportunities. Accessibility was a theme of the plan.
- 4) This Section focuses on the six itemized areas of focus in the WIOA Final Rules on One-Stop Certification, recognizing that the State Equal Opportunity Officer monitoring covers this same territory and not wanting to engage in a redundant assessment. The One-Stop Certification incorporates State Equal Opportunity Officer monitoring and rewards it to reinforce the importance of that process and avoid the unnecessary duplication of efforts.
- 5) Section 4.8.1 evaluates how well the Center provides reasonable accommodations to people with disabilities, using factors that include policy, procedures, training, and standard practice.
- 6) Section 4.8.2 evaluates how well the Center takes actions to make reasonable modifications to policies, practices, and procedures to ensure that people with disabilities enjoy the full benefit of the Center's programs, activities, and services.
- 7) Section 4.8.3 evaluates how well the Center takes actions to administer programs in the most integrated setting appropriate, using factors that include policy, procedures, and standard practice with respect to the integrated administration of programs, services, and activities, and

whether the Center, where appropriate, provides reasonable accommodations and modifications for people with disabilities that include a segregated setting where necessary to allow them to enjoy the full benefit of programs, services, and activities.

- 8) Section 4.8.4 evaluates how well the Center takes actions to communicate as effectively with people with disabilities as other people, using factors that include outreach and marketing materials, signage, electronic resources, and how the Center provides auxiliary aids and services to people who are Deaf, hard of hearing, Blind, or have a sight impairment.
- 9) Section 4.8.5 evaluates how well the Center takes actions to provide appropriate auxiliary aids and services, including assistive technology devices and services, to people with disabilities.
- 10) Section 4.8.6 evaluates how well the Center takes actions to ensure physical and programmatic accessibility by using whether the Center participated in State Equal Opportunity monitoring and whether the Local Board has established a Disability Access Committee as part of the State Board's Disability Access Initiative.
- 11) Section 4.8.7 evaluates how well Affiliated Sites provide reasonable accommodations to people with disabilities, using factors that include policy, procedures, training, and standard practice.
- 12) Section 4.8.8 evaluates how well Affiliated Sites take actions to make reasonable modifications to policies, practices, and procedures to ensure that people with disabilities enjoy the full benefit of the Center's programs, activities, and services.
- 13) Section 4.8.9 evaluates how well Affiliated Sites take actions to administer programs in the most integrated setting appropriate, using factors that include policy, procedures, and standard practice with respect to the integrated administration of programs, services, and activities, and whether the Center, where appropriate, provides reasonable accommodations and modifications to allow people with disabilities that include a segregated setting where necessary to allow people with disabilities to enjoy the full benefit of programs, services, and activities.
- 14) Section 4.8.10 evaluates how well Affiliated Sites take actions to communicate as effectively with people with disabilities as other people, using factors that include outreach and marketing materials, signage on the interior and exterior of the Center, electronic resources, and how the Center provides auxiliary aids and services to people who are Deaf, hard of hearing, Blind, or have a sight impairment.
- 15) Section 4.8.11 evaluates how well Affiliated Sites take actions to provide appropriate auxiliary aids and services, including assistive technology devices and services, to people with disabilities.
- 16) Section 4.8.12 evaluates how well the Affiliated Sites take action to meet the physical and programmatic accessibility requirements, using the question of whether they have participated in a State Equal Opportunity monitoring within the previous three years.

Scoring

- 1) The One-Stop Certification criteria scoring is intended to create a point system that awards compliance with WIOA and its Final Rules and fulfillment of the WIOA vision for an integrated System with a truly comprehensive Center at its heart.
- 2) Each Region's score will set a benchmark against which the Region will be measured during the period of time between this and the next One-Stop Certification, as well as during that One-Stop Certification. This will promote continuous improvement in the areas of focus under the mandatory One-Stop Certification criteria as set forth in the WIOA Final Rules.
- 3) The State Board, Local Boards, chief elected officials, and one-stop partners will use the scores from all Regions to identify strengths, areas of opportunity, statewide staff training needs, and where to devote technical assistance resources.

GUIDANCE: 2017 One-Stop Certification Procedures

Issued: September 18, 2017

Background.

1. Congress enacted the federal Workforce Innovation and Opportunity Act (WIOA) on July 22, 2014.
2. The U.S. Department of Labor (USDOL), U.S. Department of Education (USDOE), and Rehabilitation Services Administration (RSA) published in the Federal Register final implementing regulations (Final Rules) on August 19, 2016.
3. WIOA and its Final Rules contain requirements with respect to the One-Stop Delivery Systems (Systems), Comprehensive One-Stop Centers (Centers), Affiliated Sites in the System, Equal Opportunity, and One-Stop Certification of Centers and Systems.
4. Under WIOA, Local Workforce Development Boards (Local Boards) are charged with oversight of the System, including the performance of One-Stop Certification at least once every three (3) years, in accordance with criteria and procedures developed by the State Workforce Development Board (State Board).
5. Under WIOA, One-Stop Certification focuses on the Center, but also includes evaluations of how well the System meets the Equal Opportunity obligations under WIOA section 188.
6. WIOA and its Final Rules require that One-Stop Certification include evaluations of effectiveness that include how well the Center:
 - a. Integrates available services for participants and businesses;
 - b. Meets the workforce development needs of participants and the employment needs of local employers;
 - c. Operates in a cost-efficient manner;
 - d. Coordinates services among the one-stop partner programs;
 - e. Provides access to partner program services to the maximum extent practicable, including providing services outside of regular business hours where there is a workforce need, as identified by the Local Board.

7. WIOA and its Final Rules require that One-Stop Certification evaluations of effectiveness take into account feedback from one-stop customers.
8. WIOA and its Final Rules require that One-Stop Certification include evaluations of the effectiveness that address how well each Center and System take actions to comply with the disability-related regulations implementing WIOA section 188, set forth at 29 C.F.R. part 38, including but not limited to:
 - a. Providing reasonable accommodations for people with disabilities;
 - b. Making reasonable modifications to policies, practices, and procedures where necessary to avoid discrimination against people with disabilities;
 - c. Administering programs in the most integrated setting appropriate;
 - d. Communicating with people with disabilities as effectively as with others;
 - e. Providing appropriate auxiliary aids and services, including assistive technology devices and services, where necessary to afford people with disabilities an equal opportunity to participate in and enjoy the benefits of, the program or activity; and
 - f. Providing for the physical and programmatic accessibility of the Center to individuals with disabilities.
9. One-Stop Certification must evaluate continuous improvement, including how well the Center supports the achievement of the negotiated levels of performances for the indicators of performance for the Local Workforce Development Area (Local Area) described in WIOA section 116(b)(2) and the Final Rules. Other continuous improvement factors in One-Stop Certification may include:
 - a. Whether there is regular process for identifying and responding to technical assistance needs;
 - b. Whether there is regular system of continuing professional staff development; and
 - c. Whether there are systems in place to capture and respond to specific customer feedback.
10. WIOA requires that the State Board, in consultation with chief elected officials (CEOs) and Local Boards, develop statewide One-Stop Certification criteria and procedures.
11. Local Boards may establish additional criteria, or set higher standards for service coordination, than those set by the State Board's One-Stop Certification criteria.
12. WIOA requires Local Boards to certify Centers in order to be eligible to use infrastructure funds in the State funding mechanism under WIOA section 121(h).

13. This Guidance contains the procedures for One-Stop Certification in Iowa, which Local Boards must complete on or before December 31, 2017.

1. Comment Period.

1. Iowa Workforce Development (IWD) will post the draft One-Stop Certification criteria, procedures, and guidance for review and comment by Local Boards, CEOs, and one-stop partner programs.
2. Any comments must be submitted on or before September 11, 2017.
3. IWD will consider the comments received by Local Boards, CEOs, and one-stop partner programs, and make any changes to the One-Stop Certification criteria, procedures, and guidance deemed appropriate by IWD.

2. Distribution to Local Boards.

1. On or before September 18, 2017, IWD must distribute to the Local Boards the final One-Stop Certification criteria, procedures, and guidance.
2. On or before September 18, 2017, IWD must post online the State One-Stop Certification criteria, procedures, and guidance, as well as the agency's responses to any comments received on the draft One-Stop Certification criteria, procedures, and guidance.

3. Local Board Completion of One-Stop Certification.

1. WIOA requires the Local Board to perform One-Stop Certification, using the State criteria and procedures as well as any additional criteria or increased coordination requirements developed by the Local Board.
2. The Local Board must complete One-Stop Certification on or before December 31, 2017.
3. Only the Local Board is required by WIOA to vote on One-Stop Certification. CEOs do not need to vote on One-Stop Certification.
4. The Local Board must transmit its completed One-Stop Certification to IWD within seven (7) days of completion.
5. Using the completed One-Stop Certifications transmitted by Local Boards, IWD will develop reports for distribution to the State Board, Local Boards, CEOs, and one-stop partners to help identify strengths, areas of opportunity, statewide staff training needs, and where to devote technical assistance resources.

6. The Local Board may post its Region's final One-Stop Certification on www.IowaWDB.gov.

4. Deadline for One-Stop Certification Completion.

Every Local Board must complete One-Stop Certification on or before December 31, 2017.

Enrollment Update

We are off to a good pace again this program year! Our data through August shows we have increased our walk-in traffic by 26% from this time last year, and our official enrollment is up 24% from August of 2016. We continue to see good numbers at many of our locations. One particular example is in Washington, where we had 40 students come to registration for our ESL classes.

Changes in Service Sites

We have changed some of our programming delivery sites and options in the first quarter of the 2018 program year. As you may know, Kirkwood Community College relocated its Cedar County Center in Tipton to a new location on the south edge of town. With this new space, we have changed our programming delivery in Cedar County, offering our adult diploma program, HiSET, and CASAS testing on site. Students interested in HiSET® preparation are being referred to other locations where classes are offered in the area.

We have also made the decision to discontinue HiSET® services at the Linn County Jail effective September 30th. In looking at our data, we are primarily serving offenders being housed at the jail for federal offenses. Those offenders will receive HiSET® services when they are placed into federal custody, and we were serving very few county offenders.

ESL programming in Monticello has been put on hold for the 2017-18 school year. Our enrollment the past two years has been very low. We also had a partnership with the Monticello Community School District to provide school-age services but with our numbers low, theirs were as well, so they are trying an after-school program this year. Eastern Iowa Community College is offering ESL classes in Cascade, which is less than 15 minutes from Monticello.

While we have changed programming in some locations, we are expanding services elsewhere, particularly in our ESL programming. We have added four sections of evening classes in Johnson County at the Kirkwood Regional Center at the University of Iowa, which doubles our evening class capacity in the Iowa City-Coralville area. We have also added staff in Washington where we had great turnout for our fall class registration.

HSED Options Statewide Set to Change

Last legislative session, HF473 was passed and signed into law, which expanded the options available to the Iowa Department of Education for granting High School Equivalency Diplomas. A working group of the High School Equivalency Diploma (HSED) task force met in June and July

to make proposals for additional diploma options, which includes a high school credit option, awarding a HSED based on the completion of a college degree, as well as awarding a HSED for students with college degrees from foreign countries. Proposed rules to enact these options were presented to the State Board of Education at the September meeting, and will be before the Legislative Rules Committee later this fall. If adopted, tentative effective date for these options will likely be July of 2018.

HSED Test Option RFP to be Released

The state of Iowa will also be working to release an RFP to rebid the state's test option for earning a High School Equivalency Diploma. In 2013, the state awarded Educational Testing Service (ETS,) providers of the HiSET®, as the sole test option in Iowa. The contract is coming to an end, so a rebidding process is necessary. The Department of Education is working to convene a committee to assist in this process.

Work on IET/IELCE Implementation

As part of WIOA implementation, adult education and literacy in Iowa is adopting Integrated Education and Training (IET,) as well as Integrated English Language and Civics Education (IELCE.) The state is providing technical assistance to Kirkwood Community College, as well as other community colleges in the state, on how these programs are designed and implemented.

Kirkwood's Adult Education program, in collaboration with WIOA Title I, the City of Cedar Rapids, the Cedar Rapids Public Library, and the Intercultural Center of Iowa, are currently working on the development of an IET program whose focus would be on warehousing and logistics for English Language Learners. Our goal is to offer this program as part of the launch of a Center for Working Families at the Ladd Library in Southwest Cedar Rapids. More details will be shared at future meetings on this project.
